"...excellent. It opens with an attractive boysenberry and blueberry bouquet...very tasty complex blend of blueberry with notes of black cherry and hints of black raspberry, strawberry, faint minerality and mild vanilla oak."

"This is ageable and enormously complex, and should do very interesting things over the next six years. It's an enormously rich wine, vast in black cherries, pomegranates, cola, red plums, and sautéed mushroom flavors, with forest-floor earthiness."

"...a firm, forceful pinot noir that lasts on a beam of red cherry fruit and a green, fresh scent that feels like a distillation of redwood fronds. The layers of fruit and the savory structure integrate with air in a beautiful, complex pinot noir that could only come from Sonoma's coastal hills."

"Extraordinary for how drinkable it is right now, and for how it will evolve. Shows the crisp acidity and minerality of this cool-climate vineyard, with rich flavors of raspberries, cherry liqueur, cola, exotic spices, vanilla, cinnamon toast & sandalwood."

"Earthy aromas followed by fresh cherry, vanilla, tea and glove leather scents. Tasty, juicy black cherry fruit and plum with well-integrated, combed tannins. Rich, lasting finish with caramel and mocha accents"
